Indian Aviation Sector to EMPLOY 4 MILLION by 2035

**India has become the third largest domestic aviation market in the world. The number of airplanes is expected to reach 1,100 planes by 2027. India's aviation industry is expected to witness Rs. 35,000 crore (US\$ 4.99 billion) investment in the next four years. The government approved 78 new routes under UDAN 4.0 to enhance connectivity to remote and regional areas of the country. What are you looking for.... join Job oriented Aviation and Hospitality Course with FLYING STAR Aviation and Hospitality Academy.
